YOUR PRIVATE TERMINAL

Private flights at Antwerp International Airport are normally handled through the general aviation apron and business terminal at the airport, about 11 min to Antwerp centre. Where there is a private lounge, your car drops you at the door and the crew meet you there. At some airports, and whenever border control requires it, passengers go through the main terminal instead — we tell you exactly where to go before you travel.

There is no airline-style check-in. Customs and immigration are available here for international flights; where they are carried out is confirmed for your flight. City airport with a 1,510 m runway: check aircraft performance. Handling is compulsory for aircraft of 3 tonnes or more. Aircraft must hold a noise certificate and evening arrivals face noise checks.

ARRIVING FOR YOUR FLIGHT

- **Arrive around 20 minutes before departure** — there is no check-in queue; boarding takes minutes.
- Your driver should navigate to the private terminal (General aviation apron and business terminal at the airport) — **2100** — not the passenger terminals.
- Passports are required for every passenger on an international departure; security and border formalities are handled privately.
- Luggage is handed straight from your car to the crew, who load it for you.
- Chauffeur-driven cars to and from the terminal can be arranged at cost through our partner [exec-chauffeur.com](https://www.exec-chauffeur.com) — timed to your aircraft, so if your flight moves, your car moves with it.
