YOUR PRIVATE TERMINAL

Private flights at Athens International Airport (Eleftherios Venizelos) are normally handled through the general aviation terminal on the north side of the airport, separate from the main..., serving Athens. Where there is a private lounge, your car drops you at the door and the crew meet you there. At some airports, and whenever border control requires it, passengers go through the main terminal instead — we tell you exactly where to go before you travel.

There is no airline-style check-in. Customs and immigration are available here for international flights; where they are carried out is confirmed for your flight. Every private flight needs an allocated landing slot; in summer slots can only be requested and confirmed the day before, and must be kept to within about 20 minutes. Free parking is limited to 90 minutes.

- Passports are required for every passenger on an international departure; security and border formalities are handled privately.
- Luggage is handed straight from your car to the crew, who load it for you.
