YOUR PRIVATE TERMINAL

Private flights at Bologna Guglielmo Marconi Airport (TAG General Aviation) are normally handled through TAG Bologna general aviation terminal, serving Bologna. Where there is a private lounge, your car drops you at the door and the crew meet you there. At some airports, and whenever border control requires it, passengers go through the main terminal instead — we tell you exactly where to go before you travel.

There is no airline-style check-in. For international flights we confirm the customs arrangements with the handling agent when you book. Dedicated JET A1 refuelling on the apron. Handling for private jets and helicopters is provided round the clock by TAG Bologna, wholly owned by the airport company.

HANDLING TAG Bologna

Details as published by the airport on its website, checked September 2026 — Charter-A reconfirms hours, handling and customs for every flight.

ARRIVING FOR YOUR FLIGHT

- **Arrive around 20 minutes before departure** — there is no check-in queue; boarding takes minutes.
- Your driver should navigate to the private terminal (TAG Bologna general aviation terminal) — **40132** — not the passenger terminals.
- Passports are required for every passenger on an international departure; security and border formalities are handled privately.
- Luggage is handed straight from your car to the crew, who load it for you.
- Chauffeur-driven cars to and from the terminal can be arranged at cost through our partner exec-chauffeur.com — timed to your aircraft, so if your flight moves, your car moves with it.
