YOUR PRIVATE TERMINAL

Private flights at Budapest Ferenc Liszt Airport (General Aviation) are normally handled through the general aviation is dispatched by Çelebi's general aviation unit, serving Budapest. Where there is a private lounge, your car drops you at the door and the crew meet you there. At some airports, and whenever border control requires it, passengers go through the main terminal instead — we tell you exactly where to go before you travel.

There is no airline-style check-in. Customs and immigration are available here for international flights; where they are carried out is confirmed for your flight. Private and business flights must be notified to the airport operations centre (airport.ops@bud.hu) by the operator or handler at least three hours before arrival or departure. Jet A-1 is available around the clock.
