YOUR PRIVATE TERMINAL

Private flights at Copenhagen Airport (Kastrup) – business aviation are normally handled through the airport's own handling desk, about 21 min by car to central Copenhagen. Where there is a private lounge, your car drops you at the door and the crew meet you there. At some airports, and whenever border control requires it, passengers go through the main terminal instead — we tell you exactly where to go before you travel.

There is no airline-style check-in. Customs and immigration are available here for international flights; where they are carried out is confirmed for your flight. Copenhagen is a slot-coordinated airport: every private flight needs an approved slot, and using a handling agent is compulsory. Night-time restrictions apply between 23:00 and 06:00 local.

ARRIVING FOR YOUR FLIGHT

- **Arrive around 20 minutes before departure** — there is no check-in queue; boarding takes minutes.
- Your driver should navigate to the private terminal (No separate business-jet terminal. Private passengers use ASE...) — **2770** — not the passenger terminals.
- Passports are required for every passenger on an international departure; security and border formalities are handled privately.
- Luggage is handed straight from your car to the crew, who load it for you.
- Chauffeur-driven cars to and from the terminal can be arranged at cost through our partner exec-chauffeur.com — timed to your aircraft, so if your flight moves, your car moves with it.
