YOUR PRIVATE TERMINAL

Private flights at Dortmund Airport are normally handled through the own General Aviation Terminal with lounge, meeting room and kitchen, its own security..., about 19 min by car to Dortmund main station. Where there is a private lounge, your car drops you at the door and the crew meet you there. At some airports, and whenever border control requires it, passengers go through the main terminal instead — we tell you exactly where to go before you travel.

There is no airline-style check-in. Customs and immigration are available here for international flights; where they are carried out is confirmed for your flight. Short walking distances inside the General Aviation Terminal. Maintenance companies on site offer round-the-clock servicing.

ARRIVING FOR YOUR FLIGHT

- **Arrive around 20 minutes before departure** — there is no check-in queue; boarding takes minutes.
- Your driver should navigate to the private terminal (Own General Aviation Terminal with lounge, meeting room and kitchen...) — **44319** — not the passenger terminals.
- Passports are required for every passenger on an international departure; security and border formalities are handled privately.
- Luggage is handed straight from your car to the crew, who load it for you.
- Chauffeur-driven cars to and from the terminal can be arranged at cost through our partner exec-chauffeur.com — timed to your aircraft, so if your flight moves, your car moves with it.
