YOUR PRIVATE TERMINAL

Private flights at Lisbon Humberto Delgado Airport are normally handled through the private passengers are met by an executive handler airside. Sky Valet, about 7 km north of central Lisbon. Where there is a private lounge, your car drops you at the door and the crew meet you there. At some airports, and whenever border control requires it, passengers go through the main terminal instead — we tell you exactly where to go before you travel.

There is no airline-style check-in. Customs and immigration are available here for international flights; where they are carried out is confirmed for your flight. Lisbon is slot-coordinated, so a landing slot must be secured before the flight is planned. Night movements between 00:00 and 06:00 local are restricted by law.
