YOUR PRIVATE TERMINAL

Private flights at Ljubljana Jože Pučnik Airport are normally handled through the general Aviation Centre inside the main passenger terminal, in the refurbished former..., about 20 km north-west of Ljubljana city centre. Where there is a private lounge, your car drops you at the door and the crew meet you there. At some airports, and whenever border control requires it, passengers go through the main terminal instead — we tell you exactly where to go before you travel.

There is no airline-style check-in. Customs and immigration are available here for international flights; where they are carried out is confirmed for your flight. The airport is not slot coordinated, but general aviation aircraft need prior permission at least 24 hours before arrival.
