YOUR PRIVATE TERMINAL

Private flights at Payerne Airport (Swiss Aeropole) are normally handled through the dedicated business aviation terminal with passenger and crew lounges, meeting rooms and..., about 5 minutes to the A1 motorway. Where there is a private lounge, your car drops you at the door and the crew meet you there. At some airports, and whenever border control requires it, passengers go through the main terminal instead — we tell you exactly where to go before you travel.

There is no airline-style check-in. Customs and immigration are available here for international flights; where they are carried out is confirmed for your flight. Operates as a civil business aviation airport on the Swiss Air Force base; permission is required for every movement and civil movement numbers and hours are capped by regulation.

ARRIVING FOR YOUR FLIGHT

- **Arrive around 20 minutes before departure** — there is no check-in queue; boarding takes minutes.
- Your driver should navigate to the private terminal (Dedicated business aviation terminal with passenger and crew...) — **1530** — not the passenger terminals.
- Passports are required for every passenger on an international departure; security and border formalities are handled privately.
- Luggage is handed straight from your car to the crew, who load it for you.
- Chauffeur-driven cars to and from the terminal can be arranged at cost through our partner [exec-chauffeur.com](https://www.exec-chauffeur.com) — timed to your aircraft, so if your flight moves, your car moves with it.
