YOUR PRIVATE TERMINAL

Private flights at Porto Francisco Sá Carneiro Airport are normally handled through the private passengers are met by an executive handler airside. Sky Valet's office is in the..., serving Porto. Where there is a private lounge, your car drops you at the door and the crew meet you there. At some airports, and whenever border control requires it, passengers go through the main terminal instead — we tell you exactly where to go before you travel.

There is no airline-style check-in. Customs and immigration are available here for international flights; where they are carried out is confirmed for your flight. Night landings and take-offs between 00:00 and 06:00 local are restricted by law, with a limited daily allowance. Parked aircraft must be able to leave by push-back (nose-in parking).
