YOUR PRIVATE TERMINAL

Private flights at Rotterdam The Hague Airport are normally handled through the jet Aviation business aviation terminal, Fornebubaan 19, with two passenger lounges, about 10 min to Rotterdam centre. Where there is a private lounge, your car drops you at the door and the crew meet you there. At some airports, and whenever border control requires it, passengers go through the main terminal instead — we tell you exactly where to go before you travel.

There is no airline-style check-in. Customs and immigration are available here for international flights; where they are carried out is confirmed for your flight. Handling is compulsory. Airport slots apply only to aircraft over 45 tonnes or with 20+ seats; aircraft of the largest size classes (code D and E) need airport permission 24 hours ahead. Old noisy jets are not permitted.

ARRIVING FOR YOUR FLIGHT

- **Arrive around 20 minutes before departure** — there is no check-in queue; boarding takes minutes.
- Your driver should navigate to the private terminal (Jet Aviation business aviation terminal, Fornebubaan 19, with two...) — **3045 AV** — not the passenger terminals.
- Passports are required for every passenger on an international departure; security and border formalities are handled privately.
- Luggage is handed straight from your car to the crew, who load it for you.
- Chauffeur-driven cars to and from the terminal can be arranged at cost through our partner exec-chauffeur.com — timed to your aircraft, so if your flight moves, your car moves with it.
