YOUR PRIVATE TERMINAL

Private flights at Rovaniemi Airport are normally handled through the private flights use the main airport with arrival service, about 10 km from Rovaniemi city centre. Where there is a private lounge, your car drops you at the door and the crew meet you there. At some airports, and whenever border control requires it, passengers go through the main terminal instead — we tell you exactly where to go before you travel.

There is no airline-style check-in. For international flights, customs and immigration are arranged in advance with the handling agent — we take care of the notice. Winter season (roughly late October to late March) is slot coordinated, with very heavy traffic from late November to early January – book slots and parking early.

- Passports are required for every passenger on an international departure; security and border formalities are handled privately.
