YOUR PRIVATE TERMINAL

Private flights at Sarajevo International Airport are normally handled through the airport offers VIP and business lounge services and a general aviation support desk, about 6 min by taxi to the city centre. Where there is a private lounge, your car drops you at the door and the crew meet you there. At some airports, and whenever border control requires it, passengers go through the main terminal instead — we tell you exactly where to go before you travel.

There is no airline-style check-in. Customs and immigration are available here for international flights; where they are carried out is confirmed for your flight. Private and other general aviation flights need slot and handling approval at least 24 hours ahead, and a fuel supplier must be chosen beforehand.
