YOUR PRIVATE TERMINAL

Private flights at Stockholm Bromma Airport are normally handled through the dedicated business aviation terminal and hangar on the airfield. Grafair Jet Center is..., about 16 min by car to central Stockholm. Where there is a private lounge, your car drops you at the door and the crew meet you there. At some airports, and whenever border control requires it, passengers go through the main terminal instead — we tell you exactly where to go before you travel.

There is no airline-style check-in. For international flights, customs and immigration are arranged in advance with the handling agent — we take care of the notice. Closest airport to central Stockholm, about 7 km away. A slot is required for every arrival and departure and a handling agent is compulsory.
