YOUR PRIVATE TERMINAL

Private flights at Tromsø Airport Langnes are normally handled through the private passengers are met by the handling agent, about 3 km from Tromsø city centre. Where there is a private lounge, your car drops you at the door and the crew meet you there. At some airports, and whenever border control requires it, passengers go through the main terminal instead — we tell you exactly where to go before you travel.

There is no airline-style check-in. For international flights, customs and immigration are arranged in advance with the handling agent — we take care of the notice. A slot (prior approval) is mandatory for all flights, instrument or visual. De-icing is arranged through the handler before engine start, and winter snow clearance is carried out as needed.
