YOUR PRIVATE TERMINAL

Private flights at Verona Villafranca Airport (Valerio Catullo) are normally handled through 14 apron stands for smaller general aviation aircraft, about 10 km from Verona. Where there is a private lounge, your car drops you at the door and the crew meet you there. At some airports, and whenever border control requires it, passengers go through the main terminal instead — we tell you exactly where to go before you travel.

There is no airline-style check-in. For international flights we confirm the customs arrangements with the handling agent when you book. Jet A1 fuel is available; Avgas is not. Popular gateway for Verona, Lake Garda and the Dolomites.

ARRIVING FOR YOUR FLIGHT

- **Arrive around 20 minutes before departure** — there is no check-in queue; boarding takes minutes.
- Your driver should navigate to the private terminal (14 apron stands for smaller general aviation aircraft) — **37066** — not the passenger terminals.
- Passports are required for every passenger on an international departure; security and border formalities are handled privately.
- Luggage is handed straight from your car to the crew, who load it for you.
- Chauffeur-driven cars to and from the terminal can be arranged at cost through our partner exec-chauffeur.com — timed to your aircraft, so if your flight moves, your car moves with it.
